

Invitation

Express your opinions about participating in the introduction programme!

Dear Introduction Programme participant,

For the first time ever, all introduction programme participants in Norway are invited to participate in a national user survey. We hope that you will take this opportunity to make your voice heard!

The survey is conducted by the Norwegian Directorate of Integration and Diversity (IMDi).

In order for IMDi and your municipality to be able to offer you an even better programme, we want to hear your experiences as a participant. It is important that you are open and honest in your answers, so that we receive accurate information regarding what could be improved. For instance, you will be asked if you are satisfied with the training you are participating in, if you enjoy participating in the programme, and if there is anything you think is negative about the programme.

Participation is voluntary and it will take approximately 30 minutes to complete the user survey.

The user survey is anonymous. Your answers cannot be traced back to you, individually. All information will be processed confidentially by project staff members at IMDi and a few selected researchers, who will be the only individuals with access to responses. No one in the municipality or others will have access to view your responses.

If you have questions about the survey or experience technical difficulties, please contact IMDi by email: post@imdi.no Use the subject line: User survey

Your municipality will provide you with access to participate in the user survey.

Thank you for your contribution to improving the introduction programme!

Kind regards,

Norwegian Directorate of Integration and Diversity
